

VILLA TASCA
PALERMO

*The Noble Palace and home of
the Tasca D'Almerita family*

**EXPERIENCE
500 YEARS
OF HISTORY**

In the 18th Century, Villa Tasca was transformed from its medieval foundations as a hunting lodge surrounded by vineyards into the magnificent Villa that is still inhabited by the same family today.

The perfectly preserved 18th-century frescoes and floors and furnishings have made it one of the most iconic landmarks not only in Palermo but throughout the rest of Italy. Surrounded by a 6-hectare park, yet in the heart of Palermo it provides an oasis of peace and calm that has been attracting visitors for centuries.

Immerse yourself in the

**BOTANICAL
ROMANTIC
GARDEN**

The garden has the largest number of protected and officially registered monumental trees in Sicily. Initially planted in the Renaissance style, it was updated in the 19th century with the addition of follies and a grotto.

*Amongst others, this includes a monumental avenue of Palm trees (*Phonix Canariensis*), the 40 metres high pine *Araucaria Columnaris*, the *Cycas Revoluta* and the colossal *Ficus macrophylla* known as the Moretan Bay Fig that dominates the Swan Lake, on whose banks Wagner drew inspiration for the third act of his masterpiece *Parsifal*.*

It was the original Count Tasca, Lucio Mastrogiovanni who along with his daughter Beatrice transformed the villa and gardens into a cultural place for artists and intellectuals to gather and draw inspiration. To this day, the Romantic Garden continues to inspire poets, musicians and writers who come here to find refuge from the city amidst the grottoes, lake and temple.

*Most recently it provided the backdrop for the award winning HBO series, *The White Lotus* whose creator Mike White drew inspiration not only from the frescoes' which he used in the opening credits but also the owner, the current Count Tasca who one of the characters was based on.*

*Live like Sicilian Royalty
in the heart of Palermo.*

*For a truly unique experience, you can stay in
Villa Tasca in one of four sumptuous suites,
enjoying the gardens and villa to yourself whilst
being looked after by the family butler,
chef and maids.*

*Villa Tasca with its swimming pool and
gardens, provides an oasis of calm despite its
location in the beating heart of one of the most
vibrant cities of Europe.*
